

# Bicycles

Bicycles are made in lots of colours  
\_\_\_\_\_ (1) sizes. However, all  
bicycles \_\_\_\_\_ (2) the same  
basic parts. They have two wheels, two  
pedals, \_\_\_\_\_ (3) saddle,  
handlebars and brakes.

\_\_\_\_\_ (4) need to be  
looked after. They should be  
cleaned and have air put in the  
\_\_\_\_\_ (5). All parts should be checked to see if they  
\_\_\_\_\_ (6) working properly.

Everyone should wear a safety  
\_\_\_\_\_ (7) when riding a  
bicycle. A helmet helps to protect  
your head if you \_\_\_\_\_ (8)  
off.

Remember to ride  
\_\_\_\_\_ (9) the correct  
side of the road and to  
\_\_\_\_\_ (10) in single file.
