

Ms. Holden's Sixth Class

30th March - 3rd April 2020

A big hello to Everyone. I hope you are all well. I have put together some work for you to complete at home this week. This work can be done in your spare copy. Please remember to give your work a title and a date.

If you would like to share any or your work, you can e-mail me a picture/feedback/voice recording. My e-mail address is elizabeth@ballyadamsns.com. I can upload some of this work to our school website.

Maths

Word Problems for 6th class. See attached sheet. There are a number of problems, I would recommend to complete 5/6 a day. Please remember these basic rules when problem solving.

1. Read the problem carefully.
2. Decide what you are going to do and how many parts there are.
3. Show your work, don't do it in your head.
4. Check over your answer and make sure you are happy with your attempt.

Science

Small World Science, Read Unit 13: The Moon.

Try and complete the investigation on page 75 at home if you have the resources to do so. On page 78 please complete C, Get Creative No.2. I would love to see your pictures!

English

In keeping with our theme in Science I have attached a poem entitled "Planet Roll Call" and a cloze exercise on "Our Solar System"

Please complete the cloze exercise in your spare copy and you can learn the poem, a little each day. Please read a book/magazine/newspaper of your choice each evening for 10 minutes. Remember reading to your younger brothers/sisters counts.

Useful website addresses: www.dkfindout.com; www.borrowbox.com; www.toporopa.eu. Have a look at these and let me know what you think.

I would love to hear from you all so don't be afraid to get in touch. Remember it is so important to get out in the fresh air, kick a ball, dance or go for a run. This week would have been our **Confirmation week** so treat yourself to something nice on Thursday to mark the occasion. Email me if you would like my Bun Recipe. 📧📧

If anyone would like to complete an Easter Art activity. Your choice. I would love to see your creations. Remember there are lots of things to use around the house, there is no need to have an endless supply of art resources. 🧠 Get your thinking caps on!
